Brief Description

Vocational Evaluator and Career Assessment professionals in the public sector encounter issues with beneficial and negative impacts on the delivery of vocational evaluation services. During this presentation, the speakers will discuss these factors from a state agency perspective.

Objectives

Participants will be able to:

1. Have a better understanding of the issues Vocational Evaluators and Career Assessment Professionals face while working in the public sector.
2. Gain a better understanding of the benefits and challenges these factors present.
3. Learn strategies to help mitigate the challenges faced as Vocational Evaluators and Career Assessment professionals within the public sector.
