The INFINITY solution!

This gets you everything from the EVERY level –

40 information packed lessons / 23 tests to verify knowledge and enhance retention  
7 assignments...with Instant Feedback!!! VE Checklists to guide you everyday!! Gamification and Statistics!!! 3 Simulator Packages providing your solution to validate VE performance before scheduling and testimony.

+ 5 Check rides performed by experienced Vocational Experts from Stroud VE Services.

*These check rides are the ultimate validation for those BPA holders who don't have the final time to ensure VE preparedness, but also want to provide the best possible training. The check ride process is a complete evolution of VE preparation and testimony in a simulated court environment, with final report and audio files transmitted to the Firm point of contact. This report includes overall content and final recommendations or highlights to praise or follow up on. A true critique of the VE readiness for solo performance!*
